

It has just come to our attention that the FCC is considering a rule change favoring LPFM stations that would force some FM translators off the air. The only radio station our family listens to on a regular basis is K-LOVE. K-LOVE comes to us by way of a translator. It is a station that we feel is safe for our family to listen to and it GREATLY ENHANCES OUR QUALITY OF LIFE HERE IN ARDMORE. If K-LOVE goes off the air, we will not have an alternative choice...OUR RADIO WILL GO OFF!! Those of us who worry about what our children (and we) are being inundated with by the secular media place a very high value on what K-LOVE broadcasts every day. We would VERY STRONGLY disapprove of any move by the FCC that would threaten the broadcast of K-LOVE and feel that the FCC would NOT BE SERVING THE PUBLIC GOOD to take action that would remove K-LOVE from the airways.

Sincerely,
Buddy & Mary Capps
